NOTES

1. Charter boats pay half monthly rate extra on top of mooring fees during working months.
2. If someone has paid a year up front and removes their boat they will not get a refund; they will however be eligible for a credit when they return to the harbour which will be equivalent to the fee for the pre-paid period (at the rate applicable at that time) for when their boat was away from the harbour. This applies if a boat is removed for a minimum of two months (during July and August).
3. Any boats coming for winter (1 November to 31 March) will pay either the monthly or quarterly rate depending on their length of stay.
4. Any boats coming into the harbour during the shoulder months (April/May/June/September/October) will only be able to pay monthly.
5. All fees are payable in advance
